Information about the service

What is the service?

This service delivers fast, reliable and scalable connectivity on our own Aussie Broadband highspeed fibre network. Aussie Fibre enables a symmetrical bandwidth profile with traffic prioritisation, including high Class of Service (CoS). High CoS provides a committed 1:1 information rate ideal for time-sensitive applications and guaranteed bandwidth 24/7. Availability will depend on location.

Where is it available?

Available as an upgrade to businesses within Aussie Broadband's Aussie Fibre footprint, your business can access full end-to-end fibre installed from the data centre back to your site with Aussie Broadband's Aussie Fibre. However, a fibre build contribution may be applicable. Fixed Wireless and Satellite customers may be able to access this service following a manual service qualification check, call our Aussie Fibre Team for more information.

What do I need to access the service?

Regardless of the technology type you currently have in place, we will need to install a Network Termination Unit (NTU). You will also need an Ethernet WAN-capable router (see "equipment fees" on next page). Where applicable, we will need to install equipment on the outside and inside (near a power point) of your premises. A person over 18 will

need to be available for this appointment.

Minimum term of the service

This service is over a 12, 24 or 36-month term.

What is included?

Features of this service include:

- 1:1 Contention Ratio
- 99.95% service uptime
- No excess usage
- Static IP
- SLA: 24/7 (Gold Support Pack)

Do I have to bundle anything with the service?

Bundling is not compulsory. You can opt to bundle your business phone lines or any of our bolt-on features like 4G backup, additional IP addresses, and monthly-charged enterprise grade router options (see equipment fees on next page).

Information about pricing

Excess usage

There are no excess usage charges.

Set-up fee

The set-up fees are \$5,000 for a 12 month contract, \$2,500 for a 24 month contract and \$0 for a 36 month contract. Also, a fibre build contribution may be applicable.

Fibre build contribution

If a fibre build contribution is applicable this can be advised by Aussie Broadband before placing your order, or during the planning phase of the order.

Equipment fees

You may provide your own modem/router or lease an enterprise grade modem/router from Aussie Broadband. Cost would depend on the modem/ router option you chose: Postage costs will be \$25 per courier delivery. (inc GST). Hardware remains the property of Aussie Broadband. Other hardware is available including standard grade modem/routers, switches, and access points. Call our Enterprise Team for more information. If you choose to provide your own hardware, our enterprise support team will assist you where appropriate, however the demarcation point for Aussie Fibre services is the Network Termination Unit.

Other possible costs

- If you bundle your broadband service with a phone service or any of our bolt-on features, your monthly costs may be different. For full terms and conditions on a phone service, please see the relevant critical information summary and for details on bolt-on features, speak to our staff.

Service relocations:

- Service will need to be available at the new location.
- Early termination fee will be applied unless a new contract is signed for new location.
- Customer is liable for all set-up costs and fibre build contribution at new location – Call us to discuss options.

Exit fee

If in contract, exit fee will be number of months left x monthly charge.

Cancellation fees for in-flight orders

Fees vary depending on the current phase of your order: Planning phase \$750; Design Phase \$2,050; Build/ Predelivery phase \$15,000 (ex GST).

Downgrade fees

Modification charges apply where a plan is revised to a lower plan. The charge is calculated as follows: Reduction in monthly recurring cost x Remaining contract term.

Example:

A customer is on a 36-month contract term, the current plan is 500M which costs \$499.00 ex. GST per month. The customer is 3 months into their contract term and has asked for a plan reduction to 250M, this plan costs \$299.00 ex. GST per month. The downgrade fee will be \$6,600.00 ex. GST once off to enable plan change. Fees do not apply for a higher bandwidth profile modification.

Changes to your plan

We may from time to time make changes to your plan pricing. If the change is materially detrimental to you, we will provide you with 30 days' written notice.
