Information about the service

What is the service?

Aussie Broadband’s mobile broadband service is a “SIM only” service for use with existing devices requiring internet access.

Where is it available?

The mobile product of Aussie Broadband provides a 4G coverage footprint of 98% and a combined 4G and 3G coverage footprint of more than 98.5% of the Australian population.

What do I need to access the service?

You will need a device that will accept the SIM card and supports 3G-850MHz and both 4G 1800MHz and 4G 700MHz banding

What is included?

Features of this service include monthly data, which can be used in any compatible mobile device. It does not include any voice, SMS allowance or MMS allowance.

Data sharing is available with people on the same Aussie Broadband account. All people sharing data must be Aussie Broadband customers with Aussie Broadband SIMS.

The data sharing feature is enabled by default, is automatic, and can’t be toggled.

Please note MSP customers do not have access to data sharing.

Minimum term of the service

Minimum term of this service is one month – this is a month-to-month service. If you wish to change plans, your change will be queued to your monthly anniversary date of switch-on.

Do I have to bundle anything with the service?

No, you don’t need bundle anything to use this service.

Qualifications

Please note that this service may be restricted and/or cancelled if:

- You fail to pay your bill.
- You are abusive to our staff,
- You breach our terms and conditions or our fair use policy, available at aussiebroadband.com.au/legal

International roaming and calls are not available on this service.

Data will stop working on your device once you hit your usage limit. Data top-ups are available via the MyAussie portal or app and expire at the end of your plan month.

The Communications Alliance Broadband Education Package can be found at <https://www.commsalliance.com.au/BEP>
