Information about the service

What is the service?

Aussie Broadband’s mobile phone service is a “SIM-only” service for use with existing mobile phone handsets.

Where is it available?

The mobile product of Aussie Broadband provides a 4G coverage footprint of 98% and a combined 4G and 3G coverage footprint of more than 98.5% of the Australian population.

What do I need to access the service?

You will need an unlocked mobile phone handset that can access the 4G network.

You can either request a new phone number with this service, or port across an active number from another carrier.

What is included?

Features of this service include all calls, SMS and MMS (multi-media messages) to mobile or fixed phones within Australia, voicemail and calls to 13, 1300 and 1800 numbers, plus additional features as per your chosen plan. The 40GB plan and the 60GB plan also include \$50 IDD credits.

Data sharing is available with people on the same Aussie Broadband account. All people sharing data must be Aussie Broadband customers with Aussie Broadband SIMS.

The data sharing feature is enabled by default, is automatic, and can't be toggled.

Please note MSP customers do not have access to data sharing.

Do I have to bundle anything with the service?

No, you do not have to bundle anything with this service

Minimum term of the service

Minimum term of this service is one month – this is a month-to-month service. If you wish to change plans, your change will be queued to your monthly anniversary date of switch-on.

Qualifications

Please note that this service may be restricted and/or cancelled if:

- You fail to pay your bill.
- You are abusive to our staff,
- You breach our terms and conditions or our fair use policy, available at

<https://www.aussiebroadband.com.au/legal> Aussie Broadband does not provide access to Premium call services such as 1900 numbers. In Australia, data usage will stop working on your phone once you hit your limit. Top-ups are available via the MyAussie portal or app.
