Information about the service

What is the service?

Aussie Broadband's mobile broadband service is a "SIM only" service for use with existing devices requiring internet access.

Where is it available?

The 5G rollout is ongoing and is not available in all areas, please see the coverage map to see if it is available in your area. Where 5G is not available, 4G is available with a 4G footprint coverage of 98%. The link to the 5G coverage map is available here

<https://www.aussiebroadband.com.au/mobile/coverage-map/>

What do I need to access the service?

You will need a device that will accept the SIM card and supports 3.4GHz, and/ or 5G 26GHz bands.

What is included?

Features of this service include monthly data, which can be used in any compatible mobile device. It does not include any voice, SMS allowance or MMS allowance.

Minimum term of the service

Minimum term of this service is one month – this is a month-to-month service. If you wish to change plans, your change will be queued to your monthly anniversary date of switch-on.

Data sharing

Data sharing is available with people on the same Aussie Broadband account. All people sharing data must be Aussie Broadband customers with Aussie Broadband SIMS.

5G plans with capped speeds will pool with other 5G plans with capped speeds and existing 4G plans (Regular & Large). Full speed 5G plans will only pool with other full speed 5G plans (X-Large & XX-Large).

The data sharing feature is enabled by default, is automatic, and can't be toggled.

Do I have to bundle anything with the service?

No, you don't need bundle anything to use this service.
